

John H. Morrison Elementary School

Free Tutoring Supplemental Education Services Second Enrollment Period

Students who qualify as low income are eligible to receive free tutoring services after school from a state approved provider. You can review the entire state approved SES provider list that is attached to this form.

Additional information on the following providers has been given to Northridge Local Schools, and is available at the Morrison and Timberlane offices upon request: AATRE Educational Services, Brain Hurricane, Quest for Success, Sylvan Learning Center, Timberlane Learning Center (offering services to kindergarten students), and TOPS, Inc.

Please complete the response sheet below and return it to me by November 22, 2011. Students whose families completed forms during the first enrollment period do not need to apply again. Your requests will be reviewed during this enrollment period. Funds available are insufficient to provide SES to each eligible student whose parent requested those services during the first enrollment period. Therefore, we must give priority to the lowest-achieving eligible students [Section 1116(b)(10)(C); 34 C.F.R. §200.45(d)] by applying fair and equitable procedures for serving students. We will utilize objective criteria to determine which students are lowest-achieving in the subject areas that resulted in the school being identified for improvement. John H. Morrison Elementary School will use Ohio Achievement Assessment results in the areas of reading and math to make this determination for students in third, fourth, and fifth grade. First and second grade students will qualify if their DIBELS assessment scores are below grade level benchmark.

Sincerely,

Mr. Derrick Thomas
