

Northridge Local Schools **COVID-19 UPDATES**

COVID-19 TESTING

Our new partner, Primary Health Solutions, will be hosting drive-thru Covid-19 testing for the Northridge Community in the front lot of the school on:

FRIDAY, OCTOBER 9th from 10:00-2:00

Testing is available to ANYONE - not just students. Be on the lookout for more information.

POSITIVE COVID-19 TEST/QUARANTINE: FAMILY REPORTING TO SCHOOL

On September 8, The Ohio Department of Health issued a "Director's Order" asking families to report positive cases in children Pre-K through 12th grade to their local school district to assist in contact tracing and to minimize further transmission of the disease. Northridge Local Schools will be reporting all Covid-19 related data - both new positive cases AND "close contact" quarantine cases - to Public Health Dayton Montgomery county on a weekly basis.

WE ARE ASKING FAMILIES TO COMMUNICATE NEW CASES IN STUDENTS IN ONE OF THREE WAYS:

1. Complete and submit Google Form located on the school web site
2. Email Shane Allison (school nurse) at sallison@northridgeschools.org
3. Call the the school clinic at 937.275.7469 ext. 2148.

* any information given will only be shared with PHDMC
