

Northridge Local Schools COVID-19 Guidelines

STUDENTS NEED TO STAY HOME/GO HOME IF THEY HAVE:

Students **MUST** get clearance from a doctor to return to school if they are symptomatic.

WHEN CAN STUDENT FROM ABOVE RETURN TO SCHOOL?

Student's doctor does NOT order Covid-19 Test

- * May return when **FEVER-FREE FOR 24 HOURS** without fever-reducing medication
- * Must provide some documentation from doctor (note, picture, picture of text, etc) permitting student to return to school if student was sent home with symptoms

NEGATIVE COVID-19 TEST

- * May return when **FEVER-FREE FOR 24 HOURS** without fever-reducing medication **AND** symptoms have improved.
- * Must provide copy of negative test result.

POSITIVE COVID-19 TEST

May return when:

- * **FEVER FREE FOR 24 HOURS** without medication
- AND**
- * symptoms improved
- AND**
- * it has been **10 DAYS** since symptoms first appeared.

A return date must be set with school with copy of test result.

CLOSE CONTACT EXPOSURE TO COVID-19

- * Student must **QUARANTINE for 14 days** from **LAST** contact with positive case.
- * **LAST CONTACT** with positive case means that a student's quarantine can last longer than 14 days.

Example - student's brother is positive, and they share a room. Brother must quarantine x 10 days. If student's last contact with brother was brother's 10th day of quarantine, then the student has 14 days from that date, meaning student's quarantine = 24 days.

If fever is **ONLY** symptom, student may return after 24 hours with no medication.

If symptoms are **TYPICAL/NORMAL** seasonal symptoms for your child, you **DO NOT NEED TO CONSIDER THESE TO BE COVID RELATED.**

If you **CANNOT** provide a doctor note for clearance to return, your child **MAY** be placed on virtual instruction for 10 days to ensure school health and safety.
