PRIMARY HEALTH SOLUTIONS
SCHOOL BASED HEALTH CENTER
ENROLLMENT PACKET

Welcome to Primary Health Solutions School Based Health Center (SBHC).

This center is very unique being school based. It offers the students and community member's access to medical care when it might otherwise not be available. We operate year round and during the school year offer **NO COST** transportation from the schools in the districts where PHS provides services, to the health centers and back. The parents/ guardians are always welcome at the appointments, but are not required to be there. After the first year, only items that change need to be completed. Examples - grade in school, school building, school district, addresses, phone numbers, medical history, insurance information, etc.

Once the student's completed consent and history are received, we will begin scheduling appointments for approved services. You will receive a notice of the student's appointment time by phone or note from school. If we do not receive a request to change the appointment, we will proceed as scheduled.

- Complete the required documents and return to school with the student or drop off at the health center.
- Scheduling may be delayed if there are missing documents or information is illegible.

Please feel free to contact us during regular business hours at **(513) 454-1111**, if you have any questions.

PRIMARY HEALTH SOLUTIONS
SCHOOL BASED HEALTH CENTER
PROGRAM DESCRIPTION

Welcome to Primary Health Solutions' School-Based Health Center. The School-Based Health Center, operated by PHS at participating school districts, makes medical, dental and vision care available to all students in those districts when needed. If your child/adolescent becomes sick at school or if your child/adolescent needs a check-up, sports physical, immunizations, routine dental care, or a vision exam they can have it done in the School-Based Health Center. If your child/adolescent develops a dental problem at school, a dentist can see your child without having to take time away from work and minimize the time that your child is out of the learning environment.

How the School-Based Health Center (SBHC) works:

- You must complete the attached consent form and the other information pages and return them to the school nurse or school office.
- You or your child may schedule an appointment in the SBHC if your child is sick or injured. You can also schedule an appointment for physicals, immunizations, required sports or employment physicals, dental care, eye exams, and all associated health care concerns. Any necessary prescriptions will be provided.
- After your child's visit with the provider or dentist, attempts will be made to contact you as necessary. .
- **The School-Based Health Center does not take the place of your primary care provider (PCP) and joining the program does not mean you are changing your child's PCP.** You will be encouraged to have any needed follow-up care with that PCP and a summary of your child's visit at the SBHC will be sent to that office. However, if you do not have a regular PCP, we welcome that relationship here and can become your child's PCP. If your child is already a patient of any Primary Health Solutions locations, you still have to sign this consent to be a part of the School-Based Health Center.

Patient Rights and Responsibilities:

- Respectful and equal treatment, care, and accommodations are available regardless of race, age, ethnicity, creed, sex; or sexual orientation.
- To have a health care assessment and plan of care and participate in your health care plan.
- To talk to your health care provider openly and privately.
- It is the patient's responsibility to carry out the recommended treatment plan.
- Allow at least 30 days for completion of insurance or disability forms and transfer of treatment records.
- Notify the SBHC if you have received treatment in an Emergency Room or hospital.
- After hours, in case of emergency call 911 or go to the nearest emergency room. If you have an urgent issue and would like to speak with the provider on call, please call **613) 454-1111**.

The PRIMARY HEALTH CARE SERVICES we may provide include:

- Ill visits (for example, for sore throat, rash, an asthma attack) and follow-up for medical problems, including physical examination, tests and treatment/medications as needed.
- Minor injury evaluation, including first aid.
- Routine physical examination (including sports and work physicals) with immunizations, routine tests and treatments as needed.
- Management of chronic conditions such as hypertension, diabetes, and high cholesterol.
- Health education and wellness promotion.
- Referral to outside agencies for further care that cannot be provided at the School-Based Health Center.

The DENTAL HEALTH CARE SERVICES we may provide include:

- Routine dental examination and screenings, including dental health education and preventive services such as cleaning and dental sealants to help stop tooth decay.
- Problem visits (for example, for pain, infection or injury) or visits for urgent or emergency care, to include examination, x-rays, fillings, extractions (the pulling of loose or infected teeth), necessary treatment (including medication) for oral infection or other problems, and/or other procedures (including root canals on front teeth).

Regarding PAYMENT FOR SERVICES:

- If you do not have health insurance for your child, you will be responsible for the bill at the appropriate **discounted fee**. However, no child will be denied care due to inability to pay for services.
- If you do not have health insurance for your child, information about your household income will be requested to ensure compliance with federal requirements and to determine if you qualify for reduced or waived fees based on the Primary Health Solutions sliding fee scale. This information will be kept strictly confidential.

If you have private insurance, you should contact their customer service department to be sure your insurance pays for services at Primary Health Solutions. If your insurance does not cover Primary Health Solutions, you will be responsible for the bill at the appropriate discounted fee based on your household income.

- No child will be denied care due to inability to pay for services.
- We can help you if you need assistance applying for Medicaid. You may stop by our center or call **(513) 454-1111**.
- You may also contact the Butler County Job and Family Services Department at (513) 887-5600.

Regarding the SHARING OF HEALTH INFORMATION

- The School-Based Health Center may request medical records/information from any health care provider or facility where your child has been seen.
- Results of the visit will be sent by the School-Based Health Center to your child's PCP.
- Primary Health Solutions, the School-Based Health Center and/or the school nurses will share medical information, including immunization records, with each other as needed.
- The child's medical and any other information will only be used in the treatment, payment and health care operations of the School-Based Health Center. All of your child's information will be kept strictly confidential according to all state and federal laws.
- The school has other community resources available, including mental health. If services for mental health are needed, the health center provider may initiate a referral to the mental health provider at your child's school or a community site. The mental health provider will contact your for consent. The health center provider and the mental health provider will coordinate your child's care as needed. All information will be kept strictly confidential.
