Welcome
to the
*Northridge
Board of
Education*
Meeting

2020

This brochure has been prepared to help better understand the operation and organization of the Board of Education. The public is encouraged to take an active part in the deliberations of the Board and in the operation of the school district.

Welcome to the Northridge Board of Education Meeting

What is the Board of Education?

The Board of Education is a five-member governing body elected by the voters of the school district. The Board of Education, representing the community, has the legal responsibility for the education of the children of the district. The Board derives its authority and responsibility from state and federal law.

What are the duties of the Board of Education?

It is the duty of the Board of Education to establish the policies under which the schools are governed. The Board places the responsibility to implement those policies with the superintendent and the administrative staff.

Who are the Board of Education members?

The five Board of Education members are community residents who are vitally concerned with the education of Northridge youngsters. Their authority as board members is in effect only when the Board is in session. No individual member has the authority to act in the name of the Board outside a meeting.

How are the Board of Education members elected?

The Board of Education members are elected to serve four-year overlapping terms. They are elected at large on a nonpartisan ballot to represent the entire district.

When and where are Board meetings held?

Regular meetings of the Board of Education are scheduled for January 27, February 10, March 9, April 13, May 18, June 22, July 13, August 10, September 7, October 12, November 16 and December

7 in the Northridge Board of Education/Administration Offices, 2008 Timber Lane at 5:30 p.m. In addition, they will hold work sessions on Monday nights at 5:30 p.m. on February 24, March 23, April 27, September 28, and October 26. On occasions when special meetings are necessary, the time and location will be announced in advance.

Who prepares the agenda?

The superintendent, with the advice of the Board president, shall be responsible for preparing the agenda for each meeting. Board members receive copies of agendas and explanatory materials three days prior to the regular meeting to allow time for preparation. Agendas for the public are available from the superintendent's office three days prior to the regular Board meeting.

What is the order of the agenda?

The business meeting agenda will be usually conducted in the following order:

1. Call to Order
2. Pledge of Allegiance
3. Roll Call
4. Reading of Minutes
5. Hearing of the Public
6. Old Business
7. New Business
8. Treasurer's Report
9. Superintendent's Report
10. Adjournment

How can an item be placed on the agenda?

Anyone who wishes to suggest an item for inclusion on the agenda must submit a written request to the office of the superintendent prior to the day of the meeting, except in cases of suspended or expelled students. If a group wishes to present a particular item to the Board, it is suggested that one person be selected by the group to speak. The request shall indicate the subject of the presentation and the name of the presenter.

Are the meetings open to the public?

All Board of Education meetings are open to the public. The law allows for closed executive sessions for discussion of personnel matters, litigation, negotiations, security and real estate transactions, but any official action must be taken in a public meeting.

Does the public take part in the meetings?

All Board of Education regular meetings have a designated portion on the agenda for comments and participation by the public. Anyone desiring to speak is requested to fill out the enclosed card and submit it to the treasurer. Persons attending the meeting do not participate in discussions on other agenda items unless asked to do so by the Board. Parents' questions about individual students usually should be discussed with the teacher involved first, and if necessary, the principal or administrator closest to the situation. If further discussion is necessary, the matter can be referred to the superintendent. This procedure has been effective for most people because it gets a direct response and allows the Board to consider matters that affect the entire district.

Will a decision be made immediately on issues raised by the public during a meeting?

A routine question may be answered at the time it is posed. However, more complex matters may require sufficient time for study and consideration. Specific situations will be referred to the administration for investigation and review. If policy action is required, the matter must be scheduled by the Board on a future agenda.

**Thank you for your interest
in the Northridge Schools.**
