

# **Bobbie Predmore**

Rev. Predmore was born in 1947 and graduated from NHS in 1965. At NHS Bobette was a student leader in sports and in the classroom. She was one of the best student leaders in the last three decades. After graduation, she earned a bachelors' of science in education in 1970 from Wright State University and a masters' in divinity from United Theological Seminary in 1977. She worked as a teacher in the Dayton public schools from 1970-1974 and was ordained as a United Methodist minister and has served as chaplain/manager of pastoral services at Children's Medical Center from 1976 to the present.

Rev. Predmore currently counsels and facilitates support groups for bereaved parents, works with families, communities, and schools in crisis on death/dying issues. She also lectures on death/dying and children/family and does motivational and humorous presentations on life and relationship topics. She was honored by YWCA of Dayton as one of five finalists for the title 'Woman of the Year' in 1994.

Rev. Predmore said, "Northridge provided a sound academic foundation with blended opportunities to explore and learn leadership skills in an environment of support, affirmation, integrity, and continued responsibility. Whether in the classroom, on the sports field, or in the band/music arena, I have a number of teachers to thank for their role-modeling, their dedication and integrity, and their imprints on my life. I am passing their influence on to others. These teachers are still making a difference". At the Children's Medical Center and throughout the area, Rev. Predmore is making a difference in the lives of hundreds of people.
